# Summer Night

ESSENTIAL OIL DIFFUSER AND NOMAD LANTERN

*Indoors and outdoors*

## Summer Night ... a 2-in-1 diffuser

Summer Night is not only a **compact and easy-to-carry** essential oil diffuser thanks to its handle and rechargeable battery, but it is also a light with a lantern look with **7 levels of light intensities** to create a soothing atmosphere during your summer evenings outdoors. Both features (diffuser and light) can be used separately or simultaneously.

## Summer Night...

### A nomadic and designer diffuser

With a **compact format**, this fragrance diffuser runs on **rechargeable battery via USB port**. No need to plug it in: it follows you everywhere and guarantees **between 2 and 7 hours** depending on the power required for the functions used (lantern and/or diffuser).

It can therefore be used either **outdoors** or **interior** thanks to its modern and sleek design that adapts to your habitat by evoking traditional lanterns.

It diffuses your favourite fragrance by atomisation. A delicate scented veil then carries delicate scents to all parts of the house.

### The solution against mosquitoes

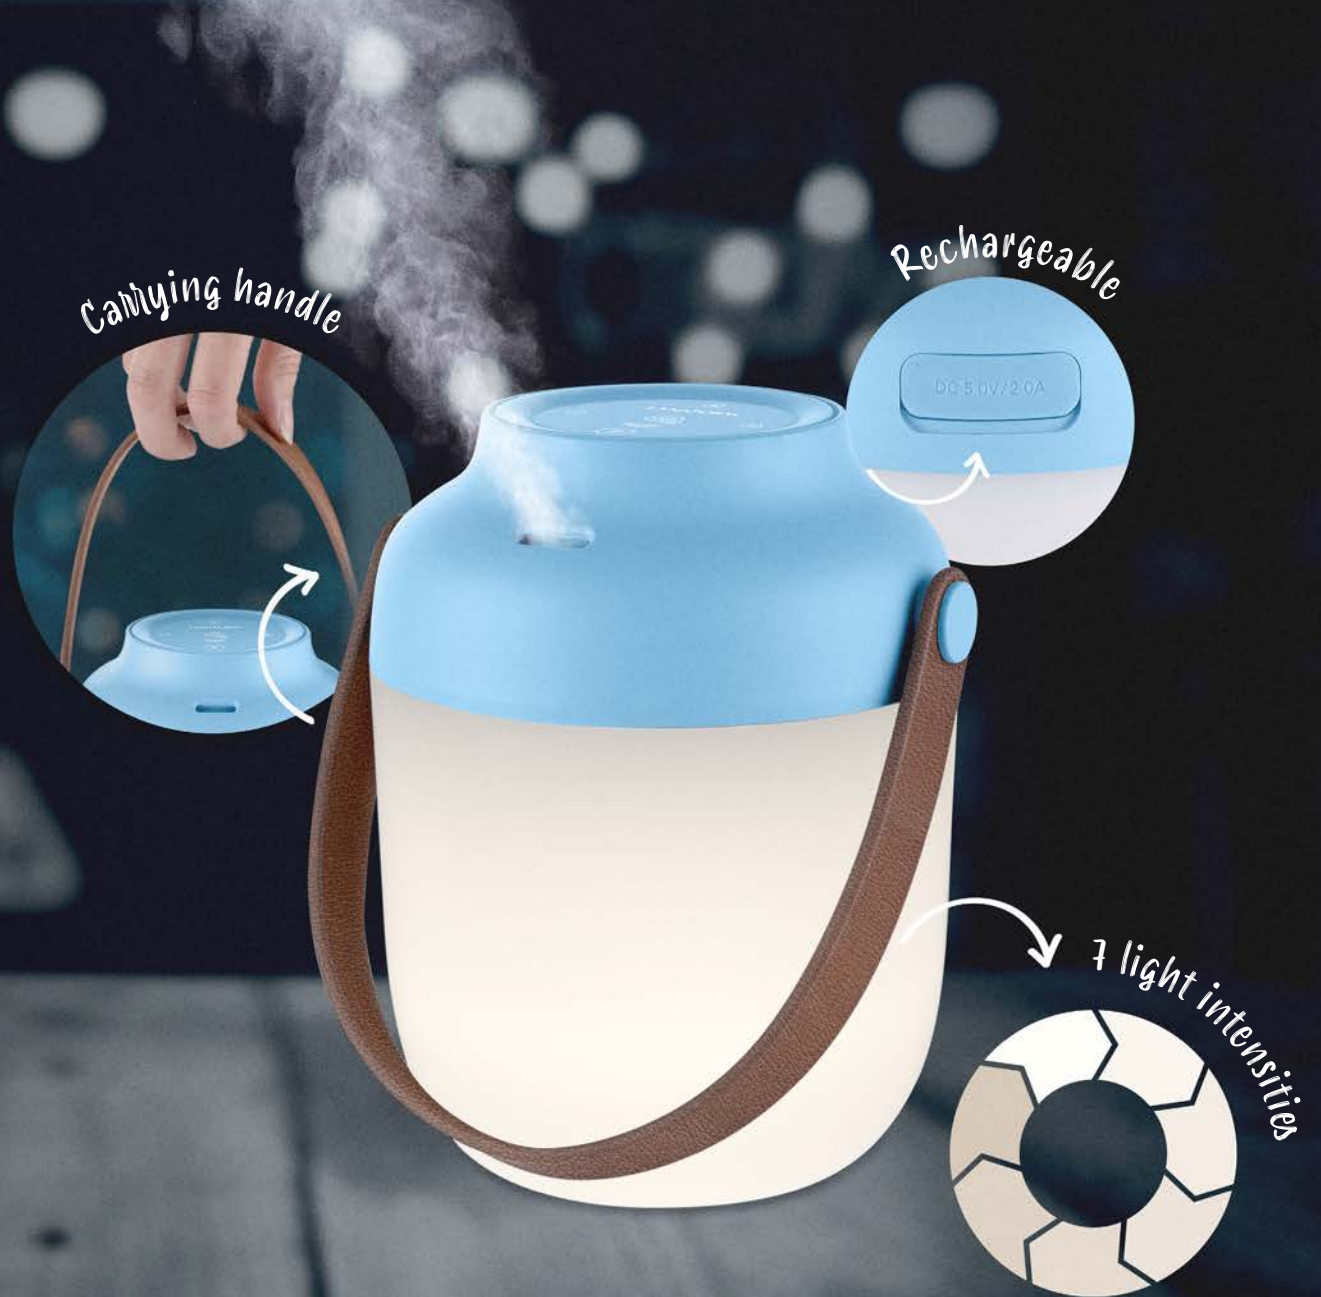

Supplied with Peaceful Night **100% organic essential oil** that **repels mosquitoes** thanks to its combination of citronella, lemon eucalyptus and rose geranium, Summer Night is the solution for repelling mosquitoes during long summer evenings. In addition, it can be used with any other essential oils suitable for diffusion.

**INCLUDED**  
**Peaceful Night**  
Organic essential  
oil to repel  
mosquitoes!
