BATTERY

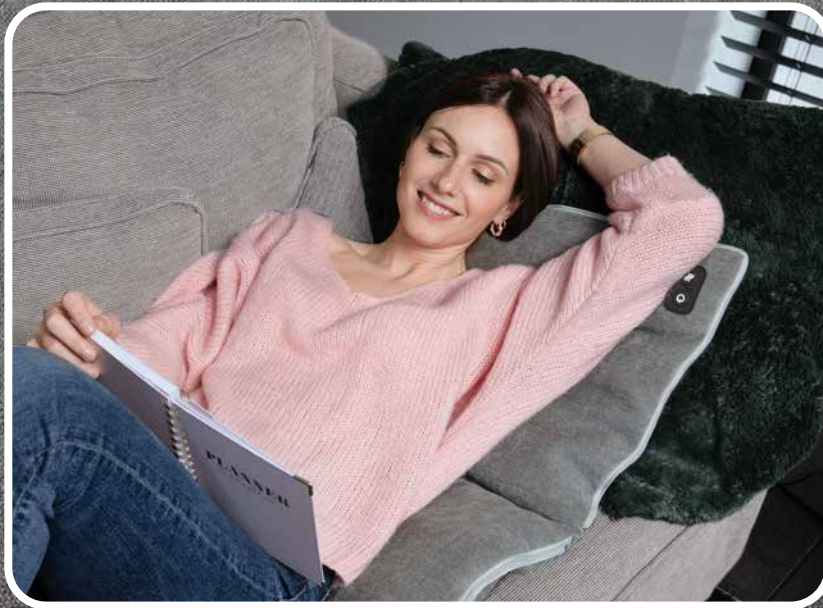

90 MINUTES
BATTERY LIFE

ULTRA-SOFT
TEXTURE

The Heating Pillow is the ideal accessory for those looking for comfort and convenience, offering a versatile and easy-to-use heating solution suitable for all environments.

Dual Heating Functionality

The Heating Pillow functions as both a heating pad and a heated seat cover. Thanks to its zip fastener, it can be split to meet different thermal comfort needs regardless of your activity.

Adjustable heating zones and intensities

With two heating zones and two intensity levels, the Heating Pillow is easily customised for optimum comfort.

Battery life and fast charging

Equipped with a rapidly rechargeable integrated battery, the Heating Pillow offers up to 90 minutes of battery life, depending on the heating intensity used. The built-in battery enables on-the-go, hassle-free use.

Comfortable and easy to maintain materials

The modern design and soft texture of the cushion add a touch of elegance and comfort. The removable cushion cover is machine washable at 30°C with a sensitive fabrics program, which facilitates its maintenance and extends its service life.

Convenient and safe use

This portable product is ideal for use at home, in the armchair, an office chair or also at work. In addition, the cushion has an automatic stop function after 45 minutes, ensuring safe use.

Heating Pillow

CORDLESS HEATED CUSHION
