BODY-SHAPING SPORT LEGGINGS

Active Slim, the ideal sports leggings for a slimmer, toned and slender shape !

**Do your complexes prevent you from going to the sports hall or going running in the park near you?
This is no longer a problem with the Active Slim slimming sports leggings.**

YOU FORGET YOUR COMPLEXES !

You'll get your slim shape* back immediately with its sheathing fabric, its wide belt and reshaping effect*. It also corrects and keeps your body shape during your exercise session.

* A survey carried out for 28 days at an average rate of 3 weekly exercise sessions of at least 1 hour among 20 women aged between 18 and 55.

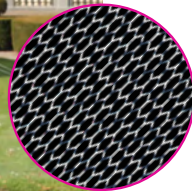

YOU'LL BE THINKING LONG-TERM !

With the combination of **bio-ceramic fibre** and the **unique 3D knitted fabric**, the Active Slim works directly on the fat cells, helping to remove them.

Blood circulation is increased which forces the body to **remove the orange-peel appearance* and cellulite* more efficiently** with the bio-ceramic crystals interacting with the skin.

Coupled with sporting activity, the 3D honeycomb structure at the core of the textile reproduces the **effects of a palpating roller** on your skin in the target areas (hips, thighs and stomach), **making your skin softer and elastic.**

* A survey carried out for 28 days at an average rate of 3 weekly exercise sessions of at least 1 hour among 20 women aged between 18 and 55.

YOU TONE UP AND REDUCE MUSCLE SORENESS !

Its knitted fabric and elasticity acts like a **second skin***, providing total freedom of movement and optimum comfort.

The bio-ceramic fibre and light compression in the fabric improve muscle tone while enhancing recovery after exercising. The skin is then more toned, firmed and muscle fatigue reduced.

* A survey carried out for 28 days at an average rate of 3 weekly exercise sessions of at least 1 hour among 20 women aged between 18 and 55.
