## ESSENTIAL OILS DIFFUSER

Continuous or  
cyclical diffusion

Timer function  
(1, 3, 8 hours)

Sleep aid function

# Eclipse

Discover the benefits of aromatherapy with the Eclipse essential oil diffuser constructed from **glass and black metal**.

Original and designer, this ultrasound diffuser is perfect for **cold diffusion** of your essential oils to preserve all their properties.

Thanks to its **variable light intensity** and its **sleep aid function**, the Eclipse essential oil diffuser induces relaxation while providing the benefits of aromatherapy.

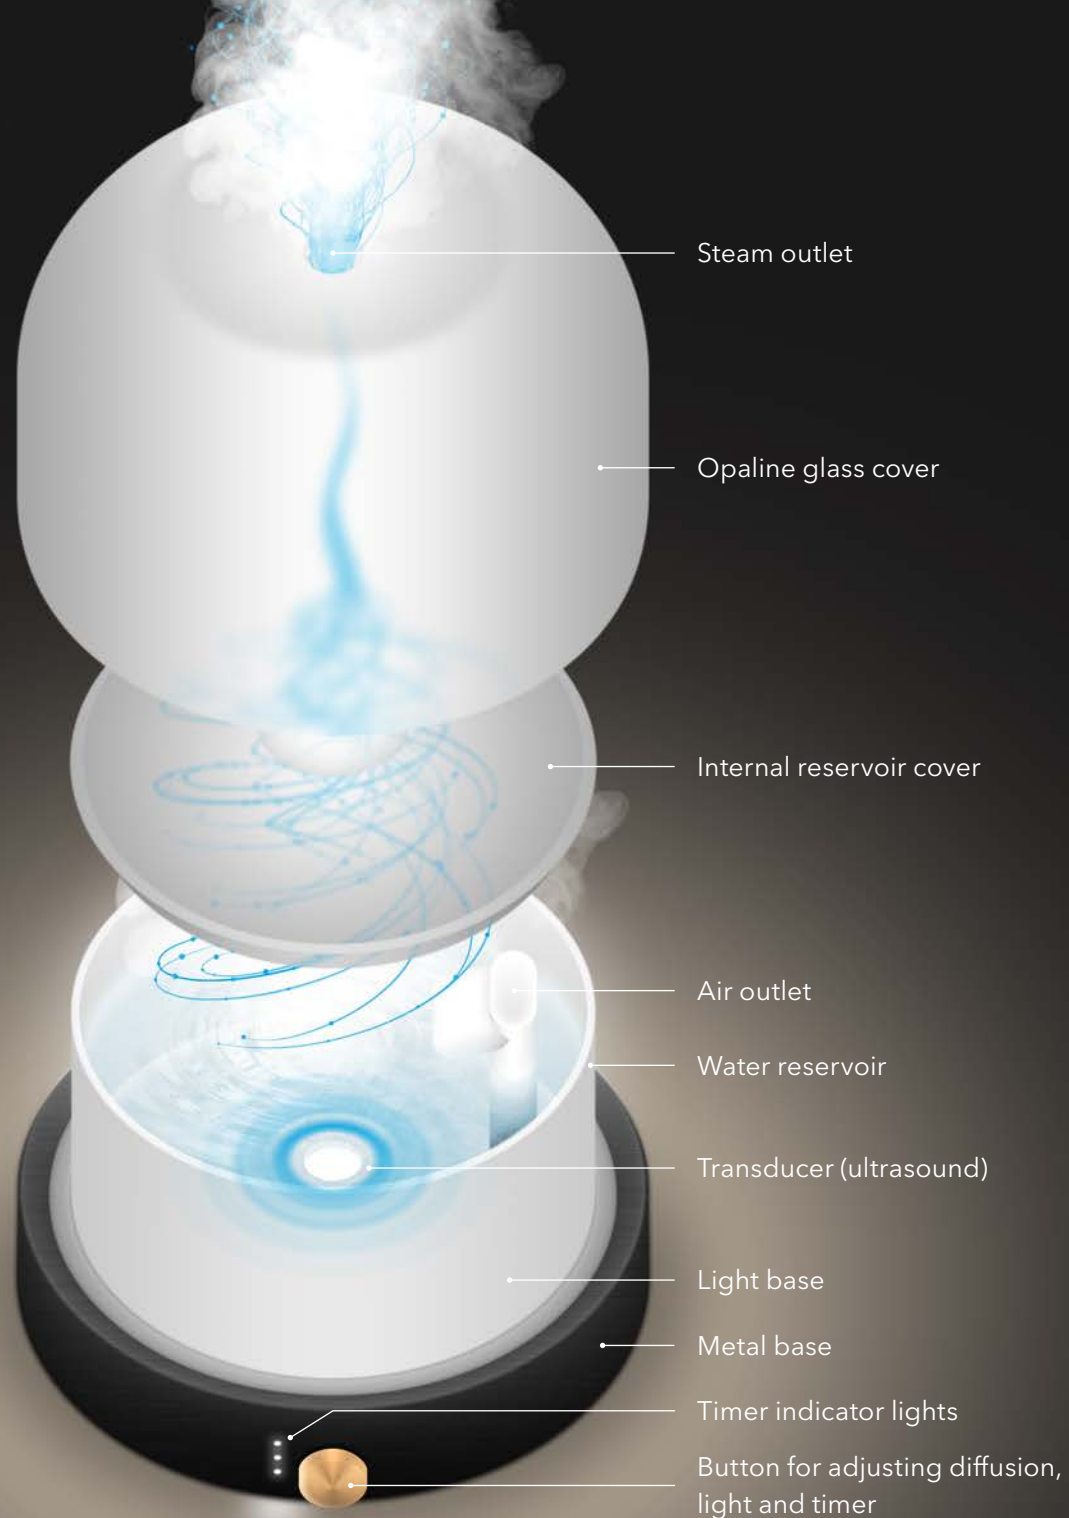

## Noble materials

Let yourself be charmed with the aesthetics of this diffuser inside your home. Designed from **noble materials** (opaline glass ❶ and oxidized metal base ❷), the Eclipse diffuser offers a modern, sleek design that will easily adapt to all current trends.

# Ultrasonic diffusion

Ultrasound technology does not heat essential oils: water is transformed into a **cool mist** that allows for high-quality diffusion, whereby aromatic molecules are released without being heated to preserve all their properties.

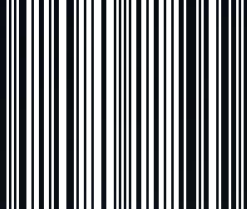

## Variable brightness and sleep aid

The Eclipse essential oil diffuser provides discreet diffusion.

Adjust the **intensity of the brightness** according to your wishes using the wheel on the metal base: take advantage of the warm light of the diffuser in the morning and a stronger light during your cocoon evenings.

You will also benefit from a **sleep aid function**, a 30-min cycle where the light gradually weakens until it turns off.

## ESSENTIAL OILS DIFFUSER

LA120324

### Characteristics

- Ultrasound diffuser
- Noble materials: oxidized metal base and opaline glass
- 280 ml capacity
- Emission intensity (15-20ml/h)
- 2 diffusion modes: continuous or cyclical
- Timer function (1, 3, 8 hours)
- Variable light intensity
- Sleep aid function
- Diffusion-independent light
- Silent cold diffusion
- Switches off automatically

Master Carton Dimensions  
56.5 × 21.0 × 39.5 cm

Master Carton Weight  
8.20 kg

Colour Boxes / Master Carton  
6

Colour Box Dimensions  
19.0 × 18.0 × 19.0 cm

Colour Box Weight  
1.30 kg

Voltage  
24 W
