recycled plastic bottles!

Warmth with a wide range of benefits

Want to warm up on chilly days?

The Neck & Waist Warmer rechargeable hot water bottles pleasantly relax and warm you up in seconds, for a real moment of well-being.

Do you suffer from muscle tension or pain?

The Neck & Waist Warmer hot water bottles relieve aches and pains and relax tense muscles, to relieve your aches and pains with total peace of mind, made possible by the principle of thermotherapy, the application of a heat source to relieve and treat muscle pain. The raised temperature in the targeted part of the body activates blood circulation, promoting cell repair.

The weight of the water inside means the electric hot water bottles can also provide soothing comfort and an intoxicating feeling of relaxation.

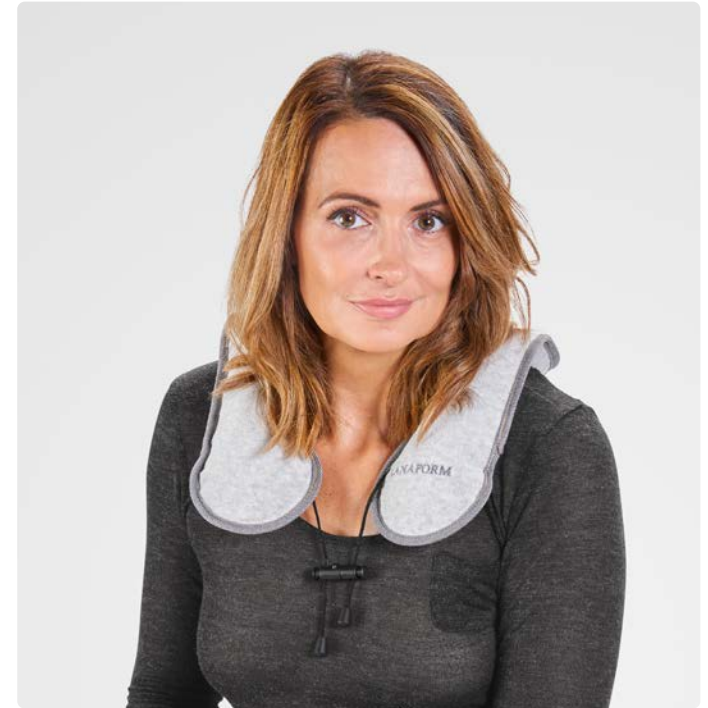

Warmth made easy...

Ready to use, the Neck & Waist Warmer electric hot water bottles require no filling. No risk of burning your fingers, all you need to do to charge them in full is plug them into the mains for about 10 to 15 minutes*. Once charged, they exude a gentle, constant heat for at least 3 hours, enough for a true moment of cocooning.

* Recommended charging time of 10 minutes for the Waist Warmer and 15 minutes for the Neck Warmer hot water bottle.

Warmth, multi-purpose

Whether for the neck, shoulders, back, tummy, legs or even the hands, our rechargeable electric water bottles are the perfect companion for those autumn and winter days.

Its specific shape makes the Neck Warmer the perfect fit for your neck and shoulders.

In turn, the Waist Warmer hot water bottle has a Velcro belt to slip the rechargeable hot water bottle into, ideal for relieving pain in the lower back or tummy.

One more thing... the cover for the Waist Warmer belt has a small pouch to slip your hands into so you can warm up faster.

Warmth, any time...

No more cable and plug issues: the Neck & Waist Warmers are designed to be used completely autonomously. Once charged, you can move around any time and still enjoy the benefits of warmth all throughout. Cooking, reading, anything is possible with our rechargeable electric hot water bottles.

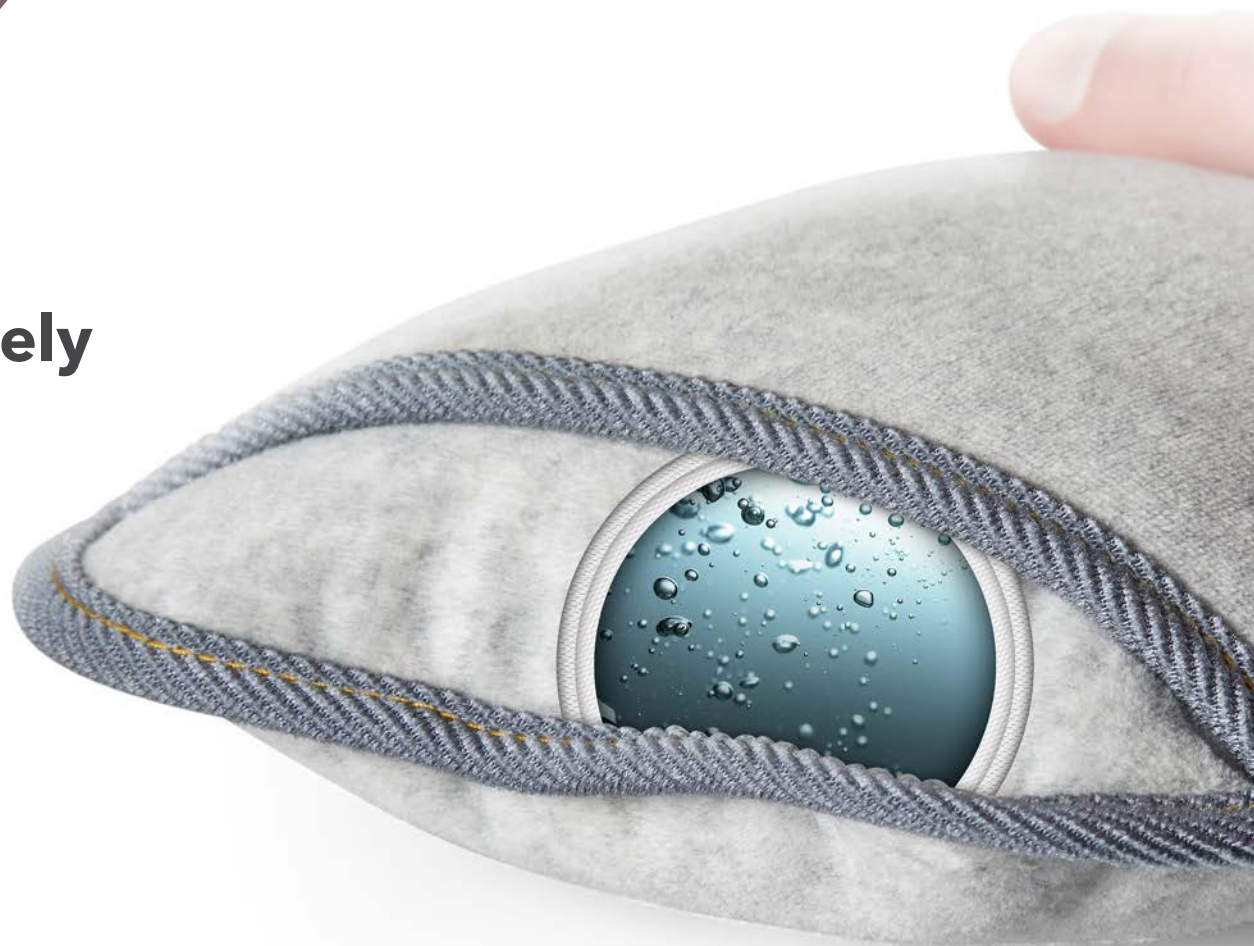

Warmth, eco-friendly

The covers for the Neck & Waist Warmer hot water bottles are made up of a mixture of very soft, pleasant-to-touch fabrics. Its fibres are made from recycled PET (plastic bottles), with no less than 16 of them used to make the product.

Warmth, completely safely

The Neck & Waist Warmer hot water bottles are fitted with a safety thermostat to prevent overheating, with automatic shutdown at the end of each charge. The water pouch and its three layers of protection also ensures it remains completely watertight.
