# Shiatsu Massager

MASSAGE AND HEATING **Gel** CUSHION

**4x ROTATING  
Gel MASSAGE HEADS**

GENTLER AND MORE NATURAL MASSAGE

# Unwind with the **Gel** Shiatsu Massager

Hard day? Work stressing you out? Aching muscles?

So many reasons to take care of yourself with the **Shiatsu Massager** heated massage seat.

Fit the massage seat to any chair and enjoy a genuine traditional Shiatsu massage, ideal to relax and unwind.

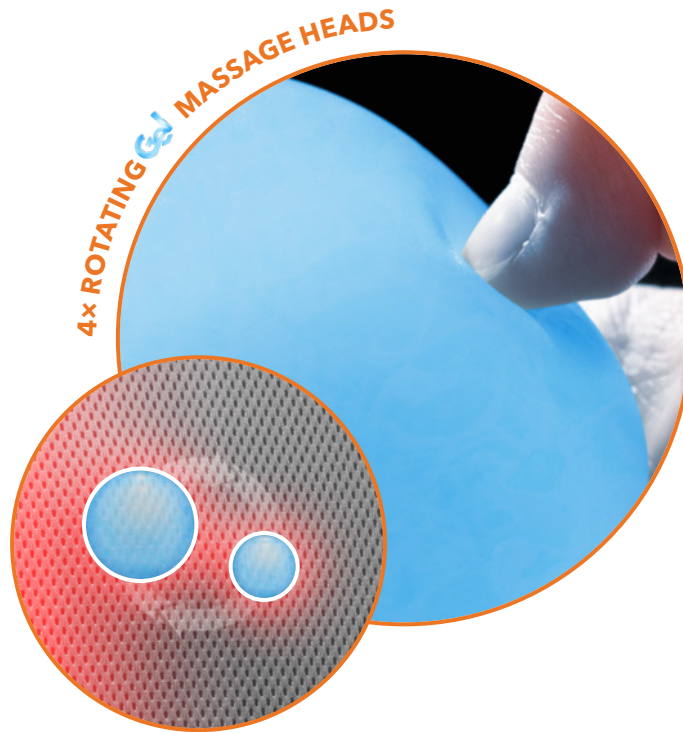

## A Shiatsu massage with a wide range of benefits

The Shiatsu Massager is a massage seat cover with **four rotating massage heads**, which simulate Shiatsu massage to perfection. The massaging effect is particularly effective for relieving tense contracted muscles and for toning tired skin. It therefore relaxes your back, shoulders and even your neck.

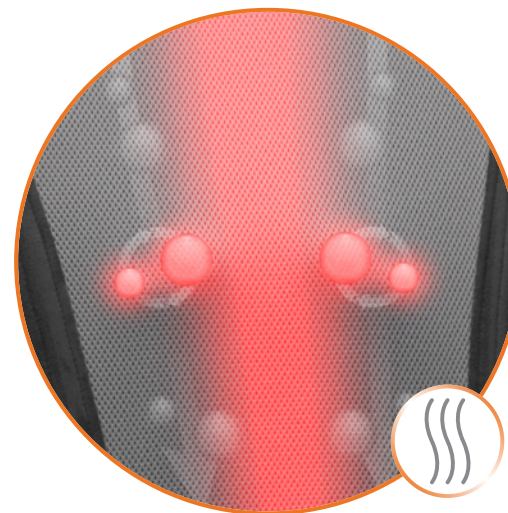

Last but not least, the Shiatsu Massager also offers an **acupressure massage** option for your waist and legs.

## A DUAL INNOVATION for unparalleled comfort

The innovative feature of the Shiatsu Massager lies in the composition of the Shiatsu massage heads, located inside the massage seat. Coated in a **specially designed gel**, the **four rotating massage heads** simulate a masseur's hands to perfection and ensure a **gentler and more natural massage** than conventional massage heads.

The Shiatsu Massager also comes with a **heating zone for the lumbar region**. Once turned on from the remote control, a gentle feeling of heat takes over in your lower back, to alleviate pain using heat.

## One remote control, a wide range of features

The user-friendly portable remote control enables you to choose from a wide range of features:

### Massage zone

Three selectable massage zones (lower back/upper back/whole back) are available. All you have to do is select one.
